

Resources for physicians interested in advocacy/involvement in specific topics:

Climate change and health:

Physicians for Social Responsibility

<https://www.psr.org/>

The Medical Society Consortium on Climate and Health

<https://medsocietiesforclimatehealth.org/>

Florida Clinicians for Climate Action

<https://www.floridaclinicians.org/>

Health Care Without Harm

<https://noharm-uscanada.org/>

My Green Doctor

<https://mygreendoctor.org/>

Medical Ethics:

World Medical Association

<https://www.wma.net/>

Charity medical work:

Doctors Without Borders

<https://www.doctorswithoutborders.org/>

**Always check with your specialty societies for additional advocacy topics specific to your interests.*

***Disclaimer: The HCMA has no official association with any of the above groups, nor does it endorse any of their proposed missions/activities. This is solely a list of resources that physicians may want to investigate for further advocacy/interests. Please let us know if you have other suggested resources we can include. dzorian@hcma.net or 813-253-0471.*
